## **TRAUMA ACADEMY International Master Course 2019**

### **“L5 - Master of Elbow Care” with lifelike fractured specimen**

Host: K. Mader

Faculty: L. Adolfsson, R. Barco, T. Bégué, D. Eygendaal, F. Moro, B. Sanderhoff Olsen, S. Siebenlist

International Trauma Academy premiere - with lifelike fractured cadaveric specimen

4./5. of October 2019 | Cologne | CADLAB COLOGNE

Dear Colleagues,

we are excited to invite you to this exceptional event: Trauma Academy International Elbow Course 2019! Most innovative technologies will bring you a realistic training environment: lifelike pre-fractured cadaveric specimen supported by corresponding X-ray and CT scans to plan and perform your difficult elbow case. Our international faculty (all are old friends and outstanding elbow surgeons and scientists in their respective fields) will make this event so special. They will also sweat during the lifelike surgeries – that is my promise!

*Konrad Mader*

Head of Division Hand, Forearm and Elbow Traumatology at UKE, Hamburg

Reserve your seat for 4./5.10.2019 in Cologne via [register@trauma-academy.com](mailto:register@trauma-academy.com) , course fee 890 €
